

UF Online Advising Group Meeting  
Thursday 9/25/14, 2:00 PM, 200 Farrior Hall

Updates:

1. UFO – General
2. Student Affairs
3. Links Orientation
4. UF Online One Stop Center
5. Colleges/departments

Information Items:

1. Foreign Language Admission Requirement for UFO students is being changed to a graduation requirement instead of an admission requirement. As you work on catalog copy for your UFO majors, it will be important to include a note that states, "Students admitted to UF without the high school foreign language admission requirement must take an 8-10 hour sequence of a foreign language or otherwise demonstrate proficiency prior to graduation."
2. Kendra Hamilton from OneStop sent this e-mail to follow up on the question someone raised at the last meeting regarding admission date vs. matriculation date as it determines catalog year: I'm following up on yesterday's conversation about degree requirements and how they apply to a student's matric date versus admission date. I imagine that if we're already requiring deferred students to sign a document addressing attendance at other schools and deficit records, there can be an acknowledgement that course and degree requirements may change for future catalog years.  
Taken from the [Undergraduate Catalog](#): "Catalog Year: The year during which the regulations published in a specific edition of the undergraduate catalog apply. A student's academic year, which begins when the catalog takes effect in the Summer B term, is governed by the regulations for academic requirements published in the catalog in effect at the time the student begins undergraduate studies."  
I take that to mean that regardless of when a student is actually accepted for admission, they are subject to whatever academic requirements are specified in the catalog that correspond to their matriculation date.
3. FTIC's now being accepted to UFO for Spring 2015 in all 10 current UFO majors!
