

UF Online Advising Group Meeting 2/27/14

Special Guest: Dr. Phillips

Information and discussion topics:

1. Update on new majors for Fall 2014:
Biology (BA) – Freshmen only (and plans to accept transfers in Fall 2015)
Computer Science – Freshmen only
Geology (BA) – Freshmen and Transfer
Psychology – Freshmen and Transfer (currently BS, but have applied to change it to BA)
Telecommunication – Media and Society

And starting in January 2015 RN-BSN/MSN

*Please note that the Freshmen Application Deadline for Fall 2014 is March 1, 2014.

2. Students changing between residential and UF Online:
“To change from UF Online to residential a student would have to apply to UF as residential student, there is no transfer process, ditto the reverse. Students will be considered as new applicants to the university, not as transfers, and the idea is this would be done no more than once—the reason the block on just moving back and forth is the fees are different, and the immunizations etc.” –Dr. Phillips 2/20/14
3. Appropriate ways for advisors to communicate with UF Online students
I will provide a draft of the AAC policy that we have adopted based upon information provided by the Privacy Office, CIO, Dr. Phillips, and the Registrar.
4. UF Online website (<https://www.advising.ufl.edu/UFO-Dashboard/>)
Recently added:
Proctor U handouts (one for faculty and one for students)
Article: [Average Tuition for an Online Bachelor's Program: \\$43,477](#), Campus Technology
Article: [UF Online: What it is and what it isn't](#), e-Literate
What else would you like included? Send me ideas, content, information.
5. UF Online logo:
